

**4<sup>th</sup> Annual Nondestructive Test Working Group  
Naval Surface Warfare Center Carderock Division (NSWCCD)  
West Bethesda, Maryland  
4-6 May 2004**

To all,

So that the conference can run as seamlessly as possible, I would like to request that all those planning on making a presentation at the 4<sup>th</sup> Annual Nondestructive Test Working Group please provide a copy of their presentation to me by **COB 23 April 2004**. I will load the presentations onto a laptop and link the documents with the existing agenda. If you encounter problems with this deadline or during the actual submission itself (i.e. your file is too large), please let me know ASAP so that we can try to come up with an alternate time schedule and/or means of submission.

Thank you in advance for your assistance, and for your role in helping this conference to become a reality!

Regards,

*Kirsten*

Kirsten G. Lipetzky
